Remember not luck

THE whole South now knows the story of the 1927 Cotto L Champions . . . every one of them big users of Chilean Nitrate of Soda. It's Soda, not luck, that makes these record

Alabama Champion Says: conditions generally rob us of our late cotton. We need a fertilizer that will act quickly and rush cotton as fast as possible, putting on a large crop of bolls early.
"I have found Nitrate of Soda to be a quick-acting fertilizer that gets results. I am going to use the Auburn pounds muriate of potash at planting time and side-dress with 150 pounds Nitrate of Soda when it is chopped out. "I am going to side-dress my corn when it is about knee high with 100 pounds Nitrate of Soda per acre.

Take a tip from your state champion. Side-dress your cotton liberally with Soda. The more Soda, the more profit per acre . . . and why not have more real money to show for this year's work?

New Fertilizer Pamphlet . . . FREE Our new pamphlet "Side-Dressing Cotton and Corn." Shows how to make more real money. Tells how to use Soda after planting. It is free. Ask for Pamphlet No. 10 or tear out this ad and mail it with your name and address.
